Senior .NET Developer with 4+ Years of hands-on experience in designing and developing scalable web applications

WORK EXPERIENCE

Senior .NET/Angular Developer (2.5+ Years)

Logicose Private Limited

Logicose is a leading IT and internet marketing company in Asia. Our phenomenal success can be attributed to constant innovation in the technology services we offer and our young teams.

Mar 2023 - Present

Achievements/Tasks

- Led development of scalable web applications using ASP.NET Core Web APIs and Angular 14+, integrating SignalR for real-time communication and dynamic enterprise notifications.
- Applied SOLID principles and design patterns to ensure scalable architecture, and used AutoMapper for codebase.

Mid-Level .NET Developer (2 Years)

PakData-Pakistan Data Management Services Pvt Ltd

PakData Solution specializes in providing cutting-edge software solutions using .NET Core for backend development and JavaScript- based frameworks for frontend development
Dec 2020 - Feb 2023

Achievements/Tasks

- Developed custom **ASP.NET Core MVC** modules and APIs for enterprise resource management, incorporating complex **LINQ Queries** and optimized **SQL Server Stored Procedures** large-scale operations.

Full Stack .NET Engineer (1+ Year)

Contour Software

Contour Software is a software and IT services company specializing in web applications, enterprise software, and technology consulting, delivering reliable and customized digital solutions.

Apr 2019 - Nov 2020

Achievements/Tasks

- Built .NET Core Web APIs with dynamic UIs (HTML, CSS, JavaScript, jQuery), implementing server validations, optimized SQL, and clean, scalable code following OOP and SOLID principles.

SKILLS

ASP.NET MVC 5
